REPUBLICANS  
ALIVE TO JOB.

National Committee Forces  
Show Aggressiveness.

Speakers on Roosevelt Trail  
in the Far West.

Lodge and Fairbanks to Tour  
Buckeye State.

(BY DIRECT WIRE TO THE TIMES.)  
CHICAGO BUREAU OF THE  
TIMES, Sept. 9.—[Exclusive Dis-  
patch.] An aggressive campaign for  
the re-election of President Taft will  
be launched in the West this week by  
the Republican National Committee  
coincidentally with the opening  
speeches in Michigan, Colorado and  
Oregon. Following the rallying cry  
in each instance will come a thorough  
organization of every State under the  
jurisdiction of the western head-  
quarters, including California, South  
Dakota and Kansas, where the Bull  
Moose forces retain control of the  
Republican party. The ground work  
of organization has already been laid  
in each State.

ON TRAIL OF BULL MOOSE.  
One of the most significant moves  
of the campaign is the determina-  
tion of the Taft leaders to fight to  
a finish in the so-called third-term  
States. Mr. Roosevelt is now work-  
ing his way westward and will speak  
at Huntington, Or., on Thursday. As  
soon as his train pulls out, John M.  
Harlan of Chicago, with a corps of  
able assistants from the New York  
and Chicago headquarters will take  
up the trail on a special train which  
will follow Mr. Roosevelt into Idaho,  
Utah, Nevada, and California and  
finally back to Colorado. Mr. Har-  
lan will not only answer Mr. Roose-  
velt's speeches but will make a vir-  
ginal attack on him and his policy.

CONGRESSIONAL CAMPAIGN.  
Joseph B. Keating of Indiana, head  
of the Bureau of Organization, and  
John C. Eversman, assistant sec-  
retary of the Republican National  
Committee, joined the Taft headquarters  
today and immediately got to work  
on organization and the Congressional  
campaign. Mr. Keating expects to  
confer with the leaders of many of  
the Western States in the near future,  
perfecting plans which have already  
been laid by correspondence.

Another significant development of  
the Republican national campaign  
reported was the official announce-  
ment that the Ohio State cam-  
paign will be opened on September  
21, by Senator Henry Cabot Lodge  
of Massachusetts, and former Vice  
President Charles W. Fairbanks of  
Indiana. Senator Lodge is recog-  
nized as one of the closest personal  
friends of Theodore Roosevelt and be-  
cause of that fact took no side in the  
State primary campaign last spring.  
It is understood that he now pro-  
poses to take the stump for Taft.  
Republicans who have seen Senator  
Lodge recently, say he dislikes what  
he calls the "dilatatory" tone of the  
Bull Moose platform and that he has  
become uneasy because he fears the  
colored will draw enough votes from  
the Republican ticket to elect the  
Democratic nominee. It is said  
these are the reasons which have  
influenced him to enter the cam-  
paign in advocacy of Republican  
principles and Republican candidates.

THREE HEADQUARTERS OPEN.  
John C. Eversman, assistant sec-  
retary of the Republican National  
Committee and assistant treasurer  
of the Congressional Committee, has  
opened headquarters for the Con-  
gressional Committee in the Auditor-  
ium Hotel and will represent  
Chairman William B. McKinley. The  
other headquarters have been opened  
by the Congressional Committee—one  
in Philadelphia, in charge of Con-  
gressman J. Hamilton Wright of  
Ohio, and the other in New York, in  
charge of Francis Curtis.

LESSON IN SLUMP.  
The result of the Vermont elec-  
tion has been unexpectedly beneficial  
to the Republicans, said Mr. Evers-  
man, who came here from the East.  
"Business men throughout the East  
have brought home to them by the  
Vermont election the fact that the  
election of the Democratic national tick-  
et possible, and that was the one  
thing needed to awaken in these men  
an interest in the Republican cam-  
paign. They are aroused now, and  
all the influence they have will be  
thrown toward the re-election of  
President Taft."

SHERMAN'S HEALTH.  
Mr. Eversman also gave what he  
said was the correct version of the  
story regarding Vice-President Sher-  
man's health. He said Mr. Sherman,  
he taking his vacation trip, had gone  
too far up in the mountains and was  
attacked by rheumatism. As a remedy  
his physicians advised him to seek  
the sea level. That he has done,  
and Mr. Eversman says it is expected  
that in a short time the Vice-Pres-  
ident will be in his usual health.

it was stated tonight at Democratic na-

land, Ohio, and Annie Leary of New  
York State.

FUGACIOUS PROFESSOR.

Candidate Wilson Violently De-  
nounces Protective Tariff in Speech-  
es Delivered in New York.

(By Federal (Wireless) Line to the Times.)  
NEW YORK BUREAU OF THE  
TIMES, Sept. 9.—[Special Dispatch.]  
Gov. Wilson began his day here with  
a pure food meeting at the Colony  
Club, where he discussed his attitude  
on this subject.

He spent most of the morning at  
the Democratic headquarters, leav-  
ing from the chiefs of the various bu-  
reaus just what was being done in  
his behalf. He talked for half an  
hour with Rolla Wells, treasurer of  
the National Committee; Henry Mor-  
ganthau, chairman of the Finance  
Committee; Charles R. Crane, vice-  
chairman of the Finance Committee;  
Rudolph Spreckels, Frederick C.  
Penfield and Representative Redfield  
in an open-air speech in Union  
Square.

After luncheon at the Aldine Club  
with Mr. McCord, Ohio James and a  
number of the members of the Demo-  
cratic Campaign Committee, Wilson  
went by automobile to Flushing for  
a call on Chairman McKinley. He  
has not yet recovered from his ill-  
ness. In the evening he made a  
speech at the Press Club.

Chicago Merchant Would Consign  
Third Term to Companionship  
With Harry Thum at Matineawan.  
(By Federal (Wireless) Line to the Times.)  
NEW YORK BUREAU OF THE  
TIMES, Sept. 9.—[Special Dispatch.]  
John G. Shedd, merchant prince, the  
successor of Marshall Field & Co. of  
Chicago, returned on the Rotterdam  
today. The third party, he said, was  
a menace to the public welfare.  
"I am a merchant," said Mr. Shedd.  
"I am a merchant of political heads.  
I am a merchant of political heads.  
I am a merchant of political heads.

PEOPLE SCOFF

CHICAGO IS STILL SIZZLING IN  
TORRID HEAT.

Weather Bureau Promises Relief,  
but None Appears—With Mercury  
in the Nineties Forecasts Are  
Numerous and Two Additional  
Deaths Are Reported.

(By Federal (Wireless) Line to the Times.)  
CHICAGO BUREAU OF THE  
TIMES, Sept. 10, 4 a.m.—[Special  
Dispatch.] Despite the fact that the  
Weather Bureau insists that Chicago  
is to have a cold wave early this  
morning, no sign of the wave appears.  
All day yesterday the thermometer  
remained around the mark, being at 80  
at noon and gradually dropping off to  
85 at sundown. During the evening  
it ranged from 84 to 86 and at mid-  
night was at 84. It is now 83 and  
the humidity is intense but nothing  
resembling a cool wave is in sight.  
Not even a breeze of any kind has  
started.

Two deaths and a dozen prostra-  
tions, attributed to the heat, were re-  
ported yesterday and last night.  
Between 5 and 9 o'clock yesterday  
morning the mercury climbed 9 de-  
grees. Between 9 and noon it climbed  
six more points. In the stock yards  
district it reached 93 degrees at noon,  
the hottest time of the day.

Today is the day for the break, de-  
clares the local forecaster. He is  
even so good as to promise light  
showers but suffers this morning are  
skeptical.

Thirty-five babies who were taken  
to Lincoln Park yesterday by their  
parents to escape the heat were lost  
when the parents slept in the shade  
and the little ones started a career of  
explorations in the wondrous wilds  
of the park. The park police force  
took the babies from the woods and  
held them until the parents awoke.

(By Federal (Wireless) Line to the Times.)  
SAN FRANCISCO BUREAU OF THE  
TIMES, Sept. 9.—[Special Dis-  
patch.] With exactly two months in  
which to organize and prosecute the  
hardest kind of a fight over wages in  
this State for the Republican party,  
the Taft leaders in the newly-or-  
ganized Taft Club of California are  
confident today that the rapidly-  
dwindling majority of the Third Term  
Committee, John E. Stanchfield,  
Lieutenant-Governor, Governor Teas-  
Tacoma; Congress, First District, Dan-  
Landon; Second District, Stanton  
Warburton; at large, J. A. Falconer,

POOR CROPS ABROAD.  
England and Continent Suffer Great  
Loss from Hail—Ready Sale for This  
Country's Surplus.

(By Federal (Wireless) Line to the Times.)  
CHICAGO BUREAU OF THE  
TIMES, Sept. 9.—[Special Dispatch.]  
European countries are facing a se-  
rious crop shortage, according to Hen-  
ry D. Sturtevant, resident partner of  
the brokerage firm of Shearson, Ham-  
mill and Company, who returned from  
abroad today. Mr. Sturtevant is a  
recognized American crop expert and  
his opinion carries weight with the big  
grain and crop markets of this coun-  
try. He traveled extensively through  
France, Germany, Austria and Eng-  
land by automobile and had a good  
opportunity to observe agricultural  
conditions. Early in July he said the  
grain fields in France and Germany  
looked promising but almost contin-  
uous rains during the harvesting pe-  
riod wrought havoc with the grow-  
ers. The loss has been most severe  
in Germany, though conditions else-  
where on the continent and in Eng-  
land are nearly as bad.

"As yet I don't believe it is ap-  
preciated in this country how bad the  
crop conditions are abroad," said Mr.  
Sturtevant. "The weather during the  
harvesting period was simply fierce.  
For thirty days it rained almost  
constantly on the continent and in En-  
gland and the crop was ruined. It is  
a good thing for this country that the  
American farmers have been favored by  
bountiful harvests this season for I be-  
lieve that the surplus will have to be  
urgently needed abroad."

Financial conditions in Germany,  
Mr. Sturtevant said, are much im-  
proved, though the unfavorable crop  
conditions in Germany and Ger-  
many are a fresh cause for apprehension.

ZAPATISTAS AT THE GATE  
OF THE CAPITAL OF MEXICO

Rebel Conspiracy With Ramifications Unearthed by  
the Secret Police—Cerna and Three of His Compan-  
ions Executed—Insurrecto Spirit Gains New Converts  
and Conditions Approach Those of Anarchy.

BY FITZGERALD SLOOM.  
(BY DIRECT WIRE TO THE TIMES.)  
The band were taken while en-  
joying a feast in anticipation of tak-  
ing Mexico City. A large quantity  
of arms and ammunition was found  
in the house, together with a carload  
of loot.

Simultaneously wholesale arrests  
were made. This time scores of  
"recruits" were taken by the police.  
A few days ago the rebel forces  
advanced to within three miles of  
the important city of Puebla, where  
the great factories of Santa Cruz were  
looted and the peace inhabitants were  
evicted to the outskirts of the city.  
Which have characterized the opera-  
tions of Zapata.

Concerted and successful attacks  
on a number of smaller towns and  
cities in a widely scattered territory  
did much to offset the good effect  
caused by the discovery of the plot  
to enter the capital.

REBELS IN THE SOUTH.  
News from the southern States in-  
dicates that the real problem of re-  
storation order will center in the  
south instead of in the north. The  
movement headed by Zapata has re-  
solved into a struggle between classes  
with the majority of fighting men in  
full sympathy with Zapata to partici-  
pate in a great land holdings among  
the workers.

President Madero and his Cabinet  
are giving much attention to the de-  
tails of a plan to break up the big  
haciendas, but his hands are tied be-  
cause of the resistance offered by the  
rebels themselves. It was expected  
that the law-suspending guarantee would  
cause a large number of rebels to  
give up their arms, but so far the  
government has been disappointed.

That the revolution is slowly  
spreading and that conditions in  
Mexico gradually are becoming worse,  
if such were possible, admitted by  
everyone familiar with the facts, and  
the question is whether or not the  
government will be able to stem the  
flow of rebels into the country from  
utter ruin and anarchy.

CRITICAL SITUATION.  
That Ambassador Wilson is fully  
alive to the critical situation is shown  
in the dispatches to the government  
Washington, demanding protection  
for the lives and properties of Ameri-  
can citizens. The government of  
President Madero is extending itself  
to the utmost to prevent injuries  
either, but progress along these lines  
if any at all, seems to be slow, in-  
deed. As a result of the so-called war  
business interests in all parts of the  
republic are suffering damages, that  
will take years to repair.

Moreover, there exists a party of  
fire-eaters ready to "march to Wash-  
ington" at the first indication that  
the Americans wish to help in restor-  
ing order.

That the lives of scores of Ameri-  
cans are in real danger is the belief  
of the optimists believe that the  
present regime will defeat all oppo-  
sition and that the country once more  
will be the happy land of peace and  
prosperity.

the electoral ticket selected from that

PUBLICITY SUGGESTIONS.  
Hogue yesterday sent telegrams to  
the Republican papers of the State  
for opinions and suggestions as to ma-  
terial for publicity purposes best  
suited to the rebels are gaining  
strength in Coahuila and Guanajuato,  
and that the revolutionary spirit is  
spreading throughout the republic.  
One message stated that there is a  
rumor that the rebels are planning  
an attack upon Mexico City.

ARMED COWBOYS ARE SIDING  
THE AMERICAN TROOPS.  
Maj. Rice has concentrated his  
command within a short distance  
from Gen. Salazar's forces and a clash  
between the two armies would not be  
surprising to officers of the War De-  
partment.

LONE WOMAN IN DANGER.

LORDSBURG (N. M.) Sept. 9.—  
Two armed posse men left here tonight  
for the John Muir ranch, twenty miles  
south, to rescue Mrs. John Muir, wife  
of a ranchman, from a threatened at-  
tack by Inez Salazar's Mexican raid-  
ers. A message stated that there is a  
rumor that the rebels are planning  
an attack upon Mexico City.

TWO SQUADRONS LEAVE.  
(BY A. P. NIGHT WIRE TO THE TIMES.)  
CHEYENNE, Sept. 9.—The second  
and third squadrons of the Ninth Cav-  
alry will leave Ft. D. A. Russell, be-  
tween midnight and early tomorrow  
for the Mexican border. The trains  
leaving tonight were routed over the

## AMERICAN CORDON TIGHT ALONG MEXICAN BORDER.

[BY A. P. DAY WIRE TO THE TIMES.]

WASHINGTON, Sept. 9.—Arms and ammunition which President Taft authorized exported to Mexico for the use of Americans in danger from rebels in Cananea have been ordered held up at Bourlet, Ariz., until there are assurances that they will not fall into the hands of the rebels.

The arms will be held at Douglas until the railway south as far as Nacozari is clear of rebels or until the Mexican government is able to furnish a guard to insure the safe delivery of the arms.

It is expected here that the immediate effect of rebel interference with the railway will be to hasten the extra session of the Mexican Senate to authorize the sending of troops out of Mexico and across New Mexico and Arizona to Chihuahua and Sonora.

Gen. Steever, in command of the American border patrol, reports that forces now sufficient to repel any raiders.

**RAIDS ON AMERICAN RANCHES.** Early dispatches to the War Department today reported Salazar, the Mexican rebel leader, encamped across the Arizona line, opposite the Lang ranch, threatening a raid into American territory. One of his troops captured in a skirmish, has told American soldiers that raids upon American ranches were upon personal orders of Salazar, who wanted beef for his men.

Maj. Rice, with three troops of cavalry, is encamped near the rebel leader. Outposts have been established by both sides. Maj. Rice is concentrating his command, but the border is being patrolled by armed cowboys, acting as scouts.

**SALAZAR PROTESTS TOO MUCH.** Gen. Steever reported that Lieut. Johnson, Boone and Wagner, in charge of patrolling parties, had talked with Salazar near Lang's ranch, and that Salazar protested he meant no harm to Americans and was not with his men on the raid on Culberson's ranch. Gen. Steever's dispatch added that "Johnson does not believe the statement."

**MORE TROOPS NEEDED.** Brig.-Gen. Murray, commanding the western division, has instructed Brig.-Gen. Shuyler to utilize all the troops at Ft. Huachuca, Ariz., and has dispatched two troops of cavalry to Apache to strengthen the patrol. Gen. Murray reports that more troops are needed, and suggests that part of the

**ALVARADO'S FLAG HERE.** Southwest Society Presents Lecture and Unfurls Banner of First California Revolutionist.

Under the auspices of the Southwest Society, Archaeological Institute of America, a lecture was delivered in the Chamber of Commerce last night by Harry Langford Wilson of Johns Hopkins University, vice-president of the Archaeological Society. The lecture was preceded by an Admission Day ceremony, in which Alvarado's flag, fully described in Sunday's issue of The Times, and of which the Southwest Society has become the custodian, was unfurled by Col. W. J. Handy of Pasadena, formerly of the Second Michigan Volunteer Infantry. He told how he had spent years in the search for the flag; traced it from Monterey to San Bernardino, then to Redlands and other places, and finally to San Diego, where it was unearthed in the effects of a Mexican, who died some years ago.

The subject of the lecture of Prof. Wilson was "Ancient Cities of America and Their Buried Treasures." It illustrated with stereopticon pictures of his researches in that field. Tonight Mitchell Carroll, a professor in George Washington University, secretary-general of the Archaeological Institute, will lecture on "Life and Art of the Homeric Age," and tomorrow night Edgar L. Hewett, a director of the institute, will lecture on "Recent Excavations at Quirigua, Guatemala." All three of these gentlemen are foremost authorities in America on the subjects treated, and as the lectures are free to persons interested, the distinguished men should have large audiences. Take elevator on Eighth street.

**SAYS HE WAS ONLY FOOLIN'.**

But Owners of Auto Take Matter Seriously and the Police Believe They've Caught Thieves.

T. L. Tally, and his son, Seymour, were counting money in the box office of their Broadway theater, when they saw a man start off with their automobile. Both jumped out of the box and struck out up the street after the car. Seymour landed on the running board and a second later his father arrived. Tally, Sr., grabbed the impromptu chauffeur around the throat, while the son stopped the car.

They held the man while the auto was driven back to the theater, and a patrolman called. The man said he was only fooling. That's what he later told the detectives when taken to the Police Station and locked up. He gave his name as James Kirralin, but was identified as Roderick Fleming. He is 15 years old, and works for the Los Angeles Car Company.

Charles Wadsworth arrived at the police station four minutes after Fleming and wanted to bail him out. Wadsworth was arrested on suspicion. The police believe that the two men belong to a gang that has been operating more or less extensively recently, stealing automobiles and changing the appearance of the cars and selling them.

When Admiral Badger Hoists His Flag on the Wyoming Next June Many Changes Will Ensnare.

[BY A. P. DAY WIRE TO THE TIMES.] WASHINGTON, Sept. 9.—When Rear-Admiral Charles J. Badger takes command of the Atlantic fleet next June, in succession to Rear-Admiral Hugo Osterhaus, nine changes among the fleet captains will become effective. The Navy Department will announce them.

Admiral Osterhaus, relinquishing the command of the fleet to become a member of the general board, has served about eighteen months as commander-in-chief and will stay about six months more of active service in Washington after his relief before he retires next June. The Dreadnought Wyoming, a new ship, will fly Admiral Badger's flag.

## Vigilance.

Russell, Wyo., be assigned to his command.

**REBELS BOUGHT OFF.** The rebels are reported threatening the city of Torreon. The reported victory of the Federal troops at Nacozari is discredited in a dispatch to the War Department from Gen. Schuyler, who telegraphed it was generally accepted that the rebels had been paid by the Nacozari Railroad Company to leave the vicinity. It was added that several Americans will remain in the Mormon colony at that place, but refused to leave until ordered by their bishop.

**TEXAS WILL MOBILIZE ITS NATIONAL GUARD.**

[BY Federal (Wireless) Line to The Times.] AUSTIN (Tex.) Sept. 9.—[Special Dispatch.] The Texas National Guard, 2500 strong, has been placed on a war footing in preparation of the order to proceed to Rio Grande border immediately, should American intervention take place. The State troops will be supplied to protect lives and property on this side of the river and if the call is made they will also be mustered for duty in Mexico.

**NACO IS WARNED OF REBEL ATTACK.**

[BY A. P. NIGHT WIRE TO THE TIMES.] NACO (Ariz.) Sept. 9.—Mexican Federal officials have information that Naco, Sonora, just over the line from this town, will be attacked before morning by the band of 225 rebels. The Mexican Consul at Douglas, Ariz., has sent an appeal to Gen. Pavon Ojeda, who, with 1800 Federal troops, is at Cananea, to send reinforcements to Naco, which is protected by only fifty Federal soldiers.

Refers to Campaign Contributions and Declares Bull Moose Cannot Carry Out Platform Pledges.

[BY A. P. NIGHT WIRE TO THE TIMES.] NEW YORK, Sept. 9.—Woodrow Wilson, in an address before the New York Press Club, tonight, questioned the ability of leaders of the Bull Moose party if elected to carry out any part of its platform. He said in part: "Here is the old question of campaign funds. If I take \$100,000 from a group of men representing a particular interest that has a big stake in a certain schedule of the tariff, I take it with the knowledge that those gentlemen will expect me not to forget their interest in that schedule and that they will take it as a point of implicit honor that I should not forget their interest in that schedule by too great a change in that schedule."

"Therefore, if I take their money, I am bound to them by a sort of tacit pledge of honor and if I desert them, I change the whole character of the government."

Concerns Contents That Telegraph Company Prejudices General Business by Discriminatory Rates. [BY A. P. DAY WIRE TO THE TIMES.] WASHINGTON, Sept. 9.—Telegraph and cable rates were attacked today by William N. White & Co., New York, in a complaint against the Western Union Telegraph company to the Interstate Commerce Commission. The complaining concern contends that rates are fixed arbitrarily, that the handling of press dispatches at one-fourth the regular commercial rates, subjects the general public to "undue prejudice and disadvantage," and that the Western Union company has bought up smaller companies and eliminated competition in violation of commerce laws.

**THIRD-TERMERS AT SPOKANE.**

Bull Moose Replies to Dr. Wilson, Discusses Politics, Dines Thrice and Heads Parade. [BY A. P. NIGHT WIRE TO THE TIMES.] SPOKANE, Sept. 9.—Col. Roosevelt climbed on board his private car on the last stage of his journey from the Atlantic to the Pacific tonight. The colonel was permitted to have eight hours sleep as he reached Spokane last night, and that was all the time he had to himself. He made four speeches, attended a breakfast, luncheon and dinner, talked politics and headed a parade through the city. He is due in Seattle in the morning to spend the day there and in Tacoma.

In his speeches Col. Roosevelt gave his views on woman's suffrage, replied to Woodrow Wilson's criticism of the Bull Moose party for minimum wage laws, assailed the platform of the Democratic party and talked on the tariff, the courts, the high cost of living, and the farmers.

**JEWELERS LAMENT.**

Smooth Stranger Seizes from St. Petersburg Dealers Quantity of Gems and Pays Bill With Paper.

[By Atlantic Cable and by Wireless from Chicago to The Times.] ST. PETERSBURG, Sept. 9.—[Special Dispatch.] An American couple at the expense of several jewelers of St. Petersburg is baffling the Russian police. A man who gave the name of George Morgan, after spending a few days in a leading hotel, settled his bill and had his baggage prepared for removal. Then he went to various jewelers, buying \$11,000 worth of jewels, which he paid for with checks, which afterwards proved worthless.

## Beauty Aids at Low Cost

(From the Journal of Fashion.)

"Many toilet accessories can be made at home at comparatively small cost. A complexion beautifier made by dissolving a pinch of borax in a half-pint of water, which is far better than expensive powders or patent lotions. It removes tan, sunburn, discolors freckles and keeps the skin attractively smooth and fair."

"If your eyebrows are lighter than your hair, or thin and straggly, apply plain pyroxin with the finger ends. They can be trained into well-formed arches by daily brushing. Pyroxin also improves the eyelashes and makes them long and lustrous."

"Moist-hairs, fuzzy growths and superfluous hair on face and arms are removed without pain or injury with a paste made of plain powdered salicylic acid and water. Cover the hairs with this paste, leave on two minutes, remove, wash the surface, and the hairs will be gone."

"A six months' supply of shampoo powder is made by mixing four ounces of orris root and an ounce of each of the following: lavender, rose, and ylang-ylang. Brush this mixture through the hair (it comes out easily) and your scalp will be clean, while your hair will be light, wavy, lustrous and easy to do up."

**REBELS BURN BRIDGES AND CAPTURE TRAIN.**

[BY A. P. NIGHT WIRE TO THE TIMES.] CANANRA (Sonora, Mex.) Sept. 9.—Emilio Campa's command burned seven bridges yesterday between Cananea and Naco, together with the mail, baggage and second-class coaches of the captured passenger train. The rebels threatened to dynamite the bridge over the river, and were made to run them. Rebels shot into a motor car when it came up to the passenger train at San Jose, but no one was hurt. Two hundred and thirty Federal soldiers left here at noon northbound and 150 more at 6 o'clock this evening.

Wires which were repaired this morning were again cut at noon, and two kilometers of wire were destroyed. One hundred and fifty rebels visited San Pedro ranch today, taking horses, food, bedding and provisions. They left in a southwesterly direction toward Molina, where they cut Federal and railroad wires and burned bridges.

Macarena, provisional Governor of Sonora, Gen. Rojas and Isidro Escobedo, are with rebel troops in the vicinity of the Alto Mountains. Fifteen hundred rebels are reported in the Sierra Azul Mountains.

**COWBOYS CUT OFF SALAZAR'S TOBACCO.**

[BY A. P. NIGHT WIRE TO THE TIMES.] EL PASO (Tex.) Sept. 9.—American cowboys on guard on the Mexican border near Huita, N. M., prevented Inez Salazar, rebel leader, yesterday, from crossing the border to get tobacco and other supplies, according to information brought here today by Bishop O. P. Brown of the Mormon Church, who was in Huita yesterday with Mexican Federal officers to inspect horses owned by Mormon refugees.

Bishop Brown says the cowboys sent word to Salazar that they would shoot if he crossed the line and would resist invasion by any of Salazar's men. The cowboys say they can plainly see in the possession of Salazar's men many horses stolen from American territory.

**NINTH CAVALRY NOW EN ROUTE.**

[BY A. P. NIGHT WIRE TO THE TIMES.] CHEYENNE (Wyo.) Sept. 9.—The first squadron of the Ninth Cavalry, constituting the first detachment to leave Ft. D. A. Russell for the Mexican border, departed immediately after noon today. Practically the entire regiment is loaded aboard cars, and is expected to arrive here tonight. The regiment comprises twelve troops of sixty-five men each, and is commanded by a lieutenant colonel.

In Democratic circles interest centers in the contest for nominations and control of the party organization. The Republicans are fighting the attempt of the Bull Moose

**NEW YORK BUREAU OF THE TIMES, Sept. 9.**—[Special Dis-  
 patch.] The following editorial  
 comments on topics of the hour are  
 printed in eastern papers:

**WHAT MEANS THE BANDANA?**  
**SNEEZE WHEN TEDDY SUFFERS.**  
 [Boston Globe, Sept. 9.] If every  
 bandana meant a Bull Moose vote it  
 would not be necessary to count the  
 third party ballots in November.  
 They could be measured by the cord  
 or weighed by the ton. During  
 Roosevelt's ante-election tour in Ver-  
 mont the reporter said that bandanas  
 waved everywhere, in towns on lon-  
 gely mountainides, so popular was  
 the emblem. But one looks in vain  
 for some explanation of the ban-  
 dana.

Can it be that the bandana is in-  
 tended to catch the shy and easily  
 frightened negro vote? The cowboy  
 vote is generally supposed to belong  
 to Roosevelt anyhow and the size of  
 snuff-taking vote is sufficient  
 to justify the prominence of the  
 bandana in the campaign.

In the progressive campaign of  
 1911, the bandana may have the  
 subtle implication—if it has any  
 meaning at all—that whenever Roosevelt  
 takes snuff all the Progressives  
 are supposed to sneeze. Though, of  
 course, that is a sorry joke of the  
 vintage of 1888.

**TOO MUCH JOHNSON.**  
**OVERHEATED AND OVERRATED.**  
 [New York World, Sept. 9.]  
 Overheated and out of breath, as  
 usual, Hiram W. Johnson, Governor  
 of California and third-term candi-  
 date for Vice-President, comes East  
 to say "with shame as an American  
 citizen that the most humiliating  
 character in all American history is  
 the President of the United States."  
 If the temperature of this feverish  
 person cannot be reduced by his  
 friends we may say for his benefit that  
 he will make no votes in this section  
 by such hysteria. No decent American  
 need be ashamed of the President  
 of the United States.

A great many of us have disagreed  
 with Mr. Taft, but he has not shamed  
 us and he has not humiliated us. He  
 has made mistakes, but he has not  
 violated law; he has not suspended  
 law for favored trusts; he has not  
 had secret conferences at the White  
 House, with men whom he publicly  
 denounced as malefactors, unde-  
 sirable and promoters of assassinations,  
 and he has had anchors to windward in  
 Wall street. With all his faults, Mr.

With Roosevelt on the stump the  
 Ladies' Empress, the French Com-

[BY A. P. DAY WIRE TO THE TIMES.]

**NEW YORK, Sept. 9.**—"Robes-  
 pierre" is to be the slogan of the  
 dressmakers this winter, according to  
 the latest Paris advices. The new  
 fashions, it is decreed, are all to be  
 modeled on the costumes which were  
 in vogue during the reign of Terror.

The newest tailor-made costumes,  
 according to the fashion experts, will  
 be tight fitting in the chest and cut  
 away at the waist, with long tails.

The costs are froged with heavy  
 braids after Robespierre, while the  
 striped trousers of the Revolutionary  
 period are recalled by the striped  
 skirts, which do not always accord  
 with the pattern of the coat. Picture-  
 esque overcoats in black, with a short  
 cape, and low cut waist coats in bril-  
 liant colors bring to mind the dan-  
 dles of the Revolution.

**WILSON GETTING SCARED.**

He Will Do a Lot More Talking on  
 His Tour of the West Than He Or-  
 iginally Planned.

[BY A. P. DAY WIRE TO THE TIMES.]

**NEW YORK, Sept. 9.**—Gov. Wood-  
 row Wilson probably will do much  
 more speaking on his western trip  
 than he originally intended, owing to  
 requests from numerous cities that he  
 visit them and speak on the issues of  
 the campaign from the Democratic  
 standpoint. Prof. Wilson at national  
 headquarters today discussed with  
 Senator Gore of Oklahoma and other  
 plans for his trip.

After the first western trip, which  
 will begin September 16 and end  
 September 21, the Governor will have  
 two days' rest at his home in Bos-  
 ton, but present plans are that he  
 will start out almost immediately for  
 another western invasion. It is like-  
 ly on his second western trip he will  
 go to Missouri, Nebraska and Illinois.  
 The professor will probably meet Wil-  
 liam J. Bryan at the latter part of  
 the month in Nebraska.

**CHICAGO, Sept. 9.**—Arrangements  
 have been completed for a tour of  
 the Pacific Coast by John M. Harlan  
 of Chicago, who will follow Col.  
 Roosevelt through that section of the  
 country advocating the cause of  
 President Taft.

Mr. Harlan will leave tomorrow  
 night for Huntington, Or., where he  
 will arrive Thursday, a few hours  
 ahead of Col. Roosevelt. At that  
 point a special train will be provided  
 for Mr. Harlan, and he will closely fol-

 Roosevelt's private car is attached.  
 Mr. Harlan will spend two weeks  
 on the Pacific Coast and follow Col.  
 Roosevelt back East.

[By Federal (Wireless) Line to the Times.]

**WASHINGTON BUREAU OF THE TIMES, Sept. 9.**—[Special Dis-  
 patch.] "If Martha Washington were alive,"  
 said Dr. Harvey W. Wiley today,  
 "and insisted on using her recipe for  
 putting up pears, boiling in lye be-  
 fore putting them in brandy, she  
 would become entangled with the  
 pure food experts."

"Her recipe is an excellent one,  
 but I think she took an undue risk  
 in putting her fruit into lye. There  
 was some possibility of poison get-  
 ting into the pear skins if they were  
 not promptly removed after immer-  
 sion."

"The jar of her pears just dis-  
 covered in the possession of Mr. Ash-  
 burg at Washington is, I think, im-  
 mune from any danger because of  
 their immersion in brandy for so  
 many years."

"Brandy and pears are good things  
 and evidently President Washington  
 liked them, judging from the rather  
 elaborate recipe used in preserving  
 them."

Short Shift Is Made of Mex-

 Capital Into Enemy's Hands.

[BY A. P. DAY WIRE TO THE TIMES.]

**MEXICO CITY, Sept. 9.**—Antonio  
 Berna and three of his lieutenants,  
 who had aided him in forming a  
 plan to open the capital to the Zapa-  
 tistas on the night of September 15,  
 were executed today by a squad of  
 soldiers. Berna confessed that he  
 and his followers expected to engage  
 in looting on the national holiday,  
 next Sunday. They also confessed to  
 having raided and robbed a number  
 of villages in the Federal district.

The prisoners were sent to Chalco  
 and placed at the disposal of the  
 military commander. The commander  
 heard the evidence and passed the  
 executed sentence, all within twenty-  
 four hours.

That trouble is feared on the night  
 of the fifteenth is indicated by the  
 fact that the bankers of the capital  
 have agreed to name one-third of  
 their employees to act as guards on  
 that night, arming the men with

rifles from the government arsenals.  
 It is also learned that the big jewelry  
 houses are placing all of the valuable  
 jewelry in stock in the banks for safe  
 keeping.

Earnings of Railroads During Au-

 Increase Over Last Year.

[BY DIRECT WIRE TO THE TIMES.]

**CHICAGO, Sept. 9.**—[Exclusive  
 Dispatch.] Although only a few rail-  
 roads have reported so far for the  
 fourth week in August, the returns  
 received indicate that gross earnings  
 of roads in the United States con-  
 tinue very well maintained, the total  
 aggregating \$29,245,377, an increase  
 of 6.8 per cent. as compared with  
 the earnings of the same for the cor-  
 responding period.

This compares quite favorably with  
 a gain of 6.1 per cent. in July, and  
 3.9 per cent. in June, and reflects  
 much better conditions generally  
 than prevailed in August last year,  
 when a small loss was reported, com-  
 pared with the same month in 1910.

Some roads, which have made ca-  
 pable returns for August, show no-  
 table improvement, among them Mis-  
 souri Pacific, earnings on which are  
 \$673,000 larger than for the same  
 month a year ago, while pronounced  
 expansion reported by many other  
 leading systems reflects steadily in-  
 creasing railroad activity in all di-  
 rections.

The image shows a vertical strip of a document page, likely a scan of a microfilm or a very narrow section of a larger page. The text is heavily degraded, appearing as a series of horizontal bands and noise. The left edge of the strip shows some faint, illegible text, possibly from a table or list. The right edge is mostly black, suggesting the edge of the page or a binding. The overall quality is poor, with significant horizontal banding and noise throughout the strip.

A high-contrast, black and white image of a book's gutter, showing the binding and the edges of the pages. The text "L S" is visible on the left edge of the pages.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

## WORKMEN FALL LONG DISTANCE.

Colleges and Teachers Injured.

Playing With Rifle May Lose His Arm.

San Diego. The commercial course offered by the High School proves to be the most popular, while manual training and domestic science come next. Freshmen are particularly interested in manual training.

The pupils were addressed this morning in the assembly-room by Walter Ames, president of the student body; by Dr. C. A. Warner of the Ontario City Council, by J. C. Mehl of the Upland City Council and by C. H. Wood, president of the Board of Education.

NEWS BRIEFS. Poultrymen of the Ontario Valley and vicinity will gather at the Ontario Chamber of Commerce tomorrow morning for the purpose of forming a poultrymen's association. There will be men present from Chino, Pomona, Claremont, Glendora, Covina, San Dimas, Upland, Ontario, and other near-by towns. The raising of poultry has come to be one of the leading industries of this section, and the men who are interested in the business feel that they will be greatly benefited by the association. The plan is to effect an organization which will be permanent.

J. W. Roth this morning took out a permit for the erection of a one-story business block on the north side of A street, between Laurel and Palm avenues. There will be four storerooms in the building, which will cost \$4600.

Ventura Instrument Again Put In Service After a Short Intermission. Oldest and Largest.

VENTURA, Sept. 9.—The old mission vesper bell in the church tower here, and which has been out of commission several months through having lost its tongue, is again in shape and is ringing out the call to the worshippers. The bell has been in use for over 100 years, so long that the metal that held the tongue at last wore through and the ringing was stopped. Workmen examined it with a view to repairing it, but it was feared that it could not be done without ruining the tone of the bell. Then it was determined to recast it, but this idea met such protest that it was abandoned. Yesterday John Behn and V. Madrena, workers in metal, of this city, hit on a plan of repair which, very simple, proved to answer every need. A hole was bored through the top of the old bell and an eye-bolt inserted, into which was hung the clapper. Now the bell sounds as good as ever. The name of the bell, which is the largest in the tower, is "Ayre Maria Purissima." It was cast in 1825 in Sappa, Jalisco, Mex. It was evidently cast by Indians as it shows much crudeness in finish and from the borings from it is evidently made of copper and gold.

VENTURA. REPUBLICANS LEAVE THE HALL.

VENTURA MOOSEERS DRIVE THE REGULARS FROM HALL.

Resolutions Indorsing President Taft and Congressman Hayes Were Voted Down and Yelp for the Third Term Goes Through. Stalwarts Will Organize.

VENTURA, Sept. 9.—The Bull Mooseers gathered in convention here Saturday and, though they succeeded in passing a set of resolutions favoring the third-term candidate and denouncing the Republican party and the president, they did not accomplish it without a tough fight which finally wound up in a bolt by the regulars and the formation of another convention.

The convention met with fifty-five delegates present, but these carried proxies making up the full number. Among the fifty-five were seven stalwarts headed by William H. Barnes of this city and Maj. Driffl of Oxnard. These seven carried a number of proxies of regulars. The convention was organized by making Charles Blackstock of Oxnard as chairman and L. P. Hathaway of this city, secretary. As they are both strong for the Bull Moose their choice pointed to the fact that they were not happy.

There then followed the introduction of the Roosevelt resolution. The regulars could not stand for them and several strong speeches were made against their adoption. Mr. Barnes did his best to amend them. He wanted everything stricken out except the "Whereas" clause, the very beginning and this substituted:

Resolved, That we do hereby declare our duty and allegiance to the principles of the Republican party, as enunciated in the platform adopted at the Chicago National Republican convention of 1912, and pledge our hearty support to William H. Taft and James B. Sherman for President and Vice-President of the United States.

The Bull Mooseers immediately started the steam roller and voted to amend the resolution. The table, nothing daunted, the battling regulars tried to get through another amendment indorsing Congressman Hayes, who had just been nominated at the Republican primaries over Judge Clarke of this county. This amendment read:

Resolved, That the Republican party of Ventura county, California, in convention assembled, hereby pledges its hearty support to Everis A. Hayes for member of Congress.

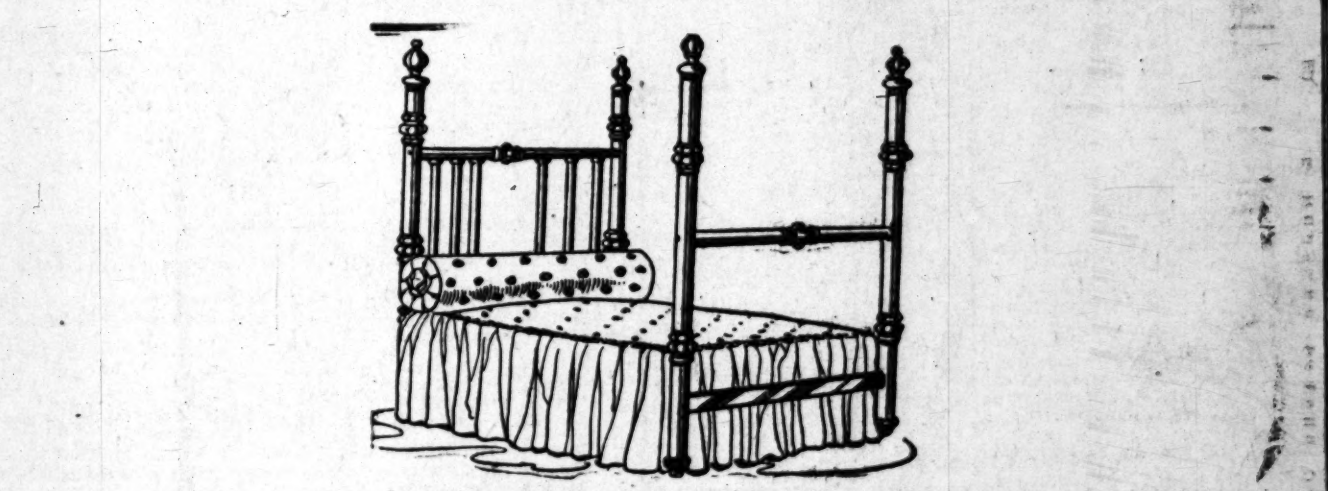

This amendment met the same fate as the other, and was flattened by the steam roller. The original Bull Moose resolutions were indorsed and passed. The signal for a bolt. Mr. Barnes and the other Republicans, who believed in clear-cut Republican principles, left the convention and took up quarters in the office of the City Marshal.

Those who left the convention were: E. H. Barnes, Maj. Driffl, Oxnard; W. E. Ready of Mound, Roger Edwards of Saticoy, Ray Gabbert, editor of the Oxnard Courier; J. W. Orr of this city and ex-Supervisor Daily of Camarillo. These, with a number of proxies of regulars in their pockets, gathered enough strength to make up a group of eighteen stalwarts. They elected W. H. Barnes as chairman and F. W. Smith as secretary. Some ringing speeches were made, and the sense of the convention was that Republican principles would be upheld and regular convention called at an early date. A Republican club will be formed and a strong fight made for the county for Taft and Sherman.

## ESCONDIDO'S ANNUAL CLASSIC HAS FAIR START.

[BY DIRECT WIRE TO THE TIMES.]

ESCONDIDO, Sept. 9.—[Exclusive Dispatch.] Grape day, Escondido's annual classic, was bigger and better than ever. Conservative estimates place the attendance of outside visitors at 7000. One trainload came from Los Angeles bringing guests from that city, Santa Ana, San Bernardino, Placentia, Orange and Redlands. Two trainloads came from San Diego, while by actual count there were over 700 automobiles parties.

Grapes on ice and grapes in boxes were distributed free to all comers in the beautiful grape day park. Ten tons of ripe sugary muscats went before the onslaught like snow before a spring sun. Lunch served by the women of Escondido was one of the big features of the day. The cafeteria plan was tried and at noon there was a bread line of 300 feet long and

maintained that length for nearly half an hour. In the afternoon a fine programme of sports was given, including a fifty-mile endurance motorcycle race. There were eight entries. There were two perfect scores by Elmer Webb and Fred Dyer, both of San Pasqual. In the ball game between Escondido and Oceanside the team from Oceanside won 4 to 0. An exhibit of the products of the Escondido Valley besides grapes was also held in the park. The celebration in some respects was like a magnified harvest home or a diminished State Fair. Everybody ate grapes. It was a common sight for men and women, gorgeous in holiday array, to be walking between the trees and streets munching big luscious globes and ejecting seeds with careful aim. It seemed uncommon, however, to the motion picture men, and they secured some excellent pictures.

CELEBRATE THE ARRIVAL. Pomona so Glad Because of the Electric Railroad Service That a Day Is Given to Meritment.

POMONA, Sept. 9.—There have been things doing here today celebrating the coming to this city of the Pacific Electric's interurban line. The Seventh Regiment and Chapin's Vendice bands have been giving concerts downtown and at Ganesha Park, the scene of the festivities. Numerous sports and a baseball game between the teams of Covina, Ontario and this city furnished much entertainment, and the presentation of "As You Like It" by the Woodland players of Los Angeles pleased large crowds at the park. The basket picnic was enjoyed by a large number at noon, coffee and lemonade being served by the Entertainment Committee.

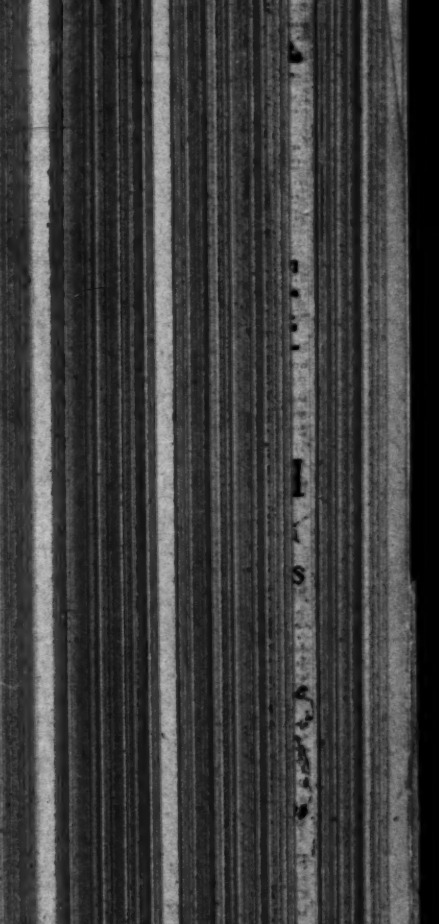

NEWS BRIEFS. John Weber, who was the pioneer in the ice business here, where he has resided for about twenty-five years, and was at one time a member of the Board of Education, is critically ill at his home, at the corner of Holt and Park avenues, and little hope is entertained for his recovery.

Miss Marguerite Foss, daughter of Mr. and Mrs. J. H. Foss, who was born here and passed her childhood in Pomona, was a member of the Woodland players of Los Angeles. "As You Like It" at Ganesha Park here today. Miss Foss was cast for Phoebe.

The annual meeting of the Indian Hill Citrus Association was held at the packing-house at North Pomona on Saturday afternoon and was largely attended. The report of the secretary and manager, W. H. Schureman, showed a satisfactory business, 502 cars of Washington navela, Valencia, Mediterranean sweets and other varieties of oranges having been shipped during the season. The navel crop of the past season was the eighteenth consecutive one which has been shipped by the Indian Hill association, all of which, averaged, have brought a price to the grower of \$1.69 for every hundred pounds. The following directors were elected: E. C. Robinson, president; W. F. For vice-president; J. B. Johnson, J. A.

DRUG MANAGER SURPRISED. A surprise banquet was given last night to J. R. Collins, manager of the Hamburger drug department, on his return from an extended trip in the East. Mr. Stewart gave a talk on "Socialism." A. L. Meyer spoke on "The Dreamers." "Fellowship" was the subject of J. F. Christopher's talk. Miss Belle Golan sang a solo; J. R. Collins recounted what he had seen in the East, and W. H. Hyden told a few short stories.

LIVELY HOURS OF THE ENCAMPMENT AT HAND.

In the Hills' Shadow.

FAIR PASADENA HOSTESS TO A CONQUERING HOST.

Ten Thousand Grand Army Veterans and Visitors at Valley's Crown.

Royal Welcome Extended to Encampment Crowds by the Foothills' Queen—Beans, Pumpkin Pie, Pretty Girls, Auto Rides, Patriotic Music and Eloquence Form Brilliant Ensemble for Men in Blue.

UNDER the shadows of the sheltering peaks that look down upon the Crown City, 10,000 members of the Grand Army of the Republic and its allied organizations were yesterday royally entertained. From the veterans with whiskers who hailed from a far Eastern State, to the younger generation who saw service in the war with Spain, there seems a wide gap, but the old men frolicked like boys on the velvet lawns of Library Park, Pasadena, yesterday and the wives and daughters entered equally into the spirit of the occasion. Everyone was smiling and happy.

amous For Tone Quality. Pianos, Uprights, Players. You'll enjoy it sweet, tone which has a quality that is unusual. With its unusually sounding Board and principle of stringing, Kranich & Bach attains a quality peculiarly its own and stands in tune over much longer than are ordinary pianos.

Players NOT "Assembled". You'll be delighted with the Kranich & Bach Player Piano. Here is an instrument that will fully meet your expectations, because it is strictly a Kranich & Bach product, made complete by the Kranich & Bach Company—not an "assembled" Player with one of the usual stock player actions. This instrument is a Kranich & Bach Piano, with an original Player mechanism built into it, especially designed and constructed in accordance with the Kranich & Bach idea of tone, touch and durability. Truly this is a superb Player, permitting thorough individual interpretation of the music. Furthermore, it is a standard Upright Piano, which can be played by hand on the usual keyboard, without involving any changes. These Players are priced at \$500 and \$550, cased in the finest Mahogany or Cross-grained Walnut. Come in and try them for yourself.

LIVELY HOURS OF THE ENCAMPMENT AT HAND.

In the Hills' Shadow.

FAIR PASADENA HOSTESS TO A CONQUERING HOST.

Ten Thousand Grand Army Veterans and Visitors at Valley's Crown.

Royal Welcome Extended to Encampment Crowds by the Foothills' Queen—Beans, Pumpkin Pie, Pretty Girls, Auto Rides, Patriotic Music and Eloquence Form Brilliant Ensemble for Men in Blue.

UNDER the shadows of the sheltering peaks that look down upon the Crown City, 10,000 members of the Grand Army of the Republic and its allied organizations were yesterday royally entertained. From the veterans with whiskers who hailed from a far Eastern State, to the younger generation who saw service in the war with Spain, there seems a wide gap, but the old men frolicked like boys on the velvet lawns of Library Park, Pasadena, yesterday and the wives and daughters entered equally into the spirit of the occasion. Everyone was smiling and happy.

At the Most Unique Reception Ever Held at a National Encampment of the Grand Army of the Republic. The gigantic picnic of the federation of States and provincial organizations of Southern California at Sycamore Park yesterday, where every delegation of Grand Army men was welcomed by a concourse of people from their own State. At probably no other city in the world would this have been possible. In the lower picture President Richardson, of the federation, is addressing the assembly. Above are a number of the old soldiers present "camping out" as in wartime. From left to right, they are Frederick H. Wales, Massachusetts; William Menzies, Iowa; Frank C. Grant, Vermont; and R. M. Davis, Maine.

The "beans and pumpkin pie" luncheon appealed especially to the New England contingent and the pretty girls of Pasadena awakened glad memories for the gallant boys in blue when they tossed posies to the veterans as they slowly marched up the sunny, flag-bedecked streets. Eloquent addresses were made by Rev. Dr. Matt S. Hughes of Pasadena, and Col. W. Warnock of Ohio. Drives about the beautiful city gave the visitors an idea of the long vistas of orange groves and flower gardens with the ever-present background of somber mountains that stretched into the blue haze of the desert. Pasadena day was a memorable success and the visitors reluctantly left after the programme had been completed. The day was like that of an East Indian summer and the visitors at no time appeared anxious to seek shade or to avoid the ardent beams of the sun that flashed from glittering emblem or flagstaff. TEN THOUSAND THERE. The rush for cars at the Pacific Electric station began as early as 8 o'clock and lasted until noon. According to conservative estimates 10,000 of the old soldiers and their families went to Pasadena by car or automobile. The cars circled near Library Park, whose expanse was dotted with the figures of the Pasadena girls waiting the signal to poll the veterans with fragrant roses and carnations. Representing the John F. Godfrey Post, of Pasadena, were N. M. Myrick, Robert Eason, G. M. Burlingame, J. H. Young, Dr. G. S. Chase, F. P. Bedford, C. C. Brown, M. W. Halsey, C. T. Hilton, Benjamin Jarvis, W. S. Springer. Among others assisting in the entertainment of the visitors were: Mrs. Etta A. Charlan, Woman's Relief Corps; Mrs. Emma Bushnell, Ladies of the G.A.R.; Mrs. Ella E. Parker, auxiliary, S.O.V.; Mrs. C. B. Moorehouse, Helen Gould Auxiliary, U.S.W.V.; Mrs. Emma Bell, Ida McKinley Auxiliary, U.S.W.V.; W. B. Bowers, E. E. Moore Camp, U.S.W.V.; W. T. Vaughn, Ensign Bailey Camp, U.S.W.V. Representing the Pasadena Board of Trade were: Prof. J. Andrew Ewing, Lucius E. Jarvis, R. H. Miller, A. B. Stevens, C. T. James, L. H. Turner, A. J. Bertoneau. As the trains unloaded their crowds of laughing men and women, the committee came forward to welcome the visitors and extend to them the hospitality of the city. HOIRDE OF HERBS. Under a canopy topped by the American flag the visitors registered each from his own State or Grand Army organization. Dainty little misses pinned badges on the grizzled

NOT VISITORS ARE THESE VETERANS, BUT AT HOME.

Feature Unprecedented in the History of Grand Army Encampments Supplied by Gigantic Picnic of State Societies, Where Each Delegation of Old Soldiers Is Welcomed by Their Own Home Folks. THE most unique feature which ever figured in the programme of a national encampment of the Grand Army of the Republic was staged at Sycamore Park yesterday in the great picnic of the Federation of State and Provincial Organizations of Southern California and the Native Sons and Daughters of the Golden West. Nowhere else in the world would it have been possible for each delegation of veterans to a national encampment to be greeted, far from home, by a great gathering of people of their own particular State, or for individuals by former personal friends from their own home city. The affair, which attracted thousands of Los Angeles' cosmopolitan citizens to the picnic park, was threaded in the great picnic of the Federation of State and Provincial Organizations of Southern California and the Native Sons and Daughters of the Golden West. UNIQUE WELCOME. There are more than forty State societies in Los Angeles and vicinity, each one well organized and with filled ranks. The members come from the far-away Pine Tree State, from the Nutmeg and the Keystone, the Buckeye and the Badger, from Maryland and Kentucky, and from every other State in the Union. From all of them they received with open hearts and glad acclaim the city's honored guests, and their neighbors and friends from "back home." The crowds began arriving early, and by the time the tables were spread beneath the trees the grove was well filled. The latter had been distributed and labeled so that the man from New Jersey and the woman from the West could at once locate themselves and be at home. At the foot of a towering sycamore the Missouri banner waved gently in the breeze, and in the length of an inviting shady bower the folks from Missouri foregathered with their county standards at their backs and

Charge of Inefficiency Here and at Salinas.

A petition addressed directly to Adj.-Gen. Forbes asking that Co. **SALUTATION!**

Hearken, children, hearken! say Guard comers, hearken! say With shrilling of the fife and drums, I can hear the echo of their many feet; I hear the loud huzzas that roll down the street.

Lift up on my pillows—I fall with the line.

And wave a last adieu to them old o' mine.

Ah! once with them I marched, with that did not fall, Though bullets fast were falling in my leaden hail.

As boys we marched together with souls and brave, No sacrifice too great, the Union save—All honor to the Old Guard, the brave, the true; Honor be to any man who wore a blue!

How the ranks are thinning; there that march today— Their forms are bent and feeble and locks are mostly gray. They weary on the pavement and steps are often slow, But fire is in their eyes and they are still aglow.

And marching close beside them, yet noiseless feet, Keeping step by step with the measured beat, I see a larger host, the battalions of men.

From deadly fever swamp or horrid pen.

Hail to you, old comrades! my days are over, When bugles sound reveille, in a few days more, I'll join the Great Battalion and counter-sign, Salute the Great Commander and president line.

Pantages is this week offering one of the best bills that has ever been staged at that playhouse—a broad statement, perhaps, but true none the less; a bill on which four acts run dead heat for headline honors, and two others barely lose out by a nose.

Or perhaps it should be toes, for the first number on the programme after Director Rachmann has finished discouraging patriotic music, is a barefoot Texas Tommy troupe, which trips off the "Prisco" classic in literally whirling white, sans shoes and stockings. Really it isn't as graceful as in regulation pedal attire, but it is a snappy novelty that puts everyone on the quiver for what is to come.

There is the Imperial Dances Four, whose steps are par excellence. Each member of the quartette offers specialties, and the audience simply could not get enough. Few dancing teams have come this way with such a variety of steps, and the girls, as well as the men, are wonderfully clever, which is not a little out of the ordinary.

Quite in contrast is the second competitor for first place—Eldon and company, impersonating Herman, Thurston and Keller, the greatest magicians the stage has ever known. The offering is ten times as good as you most expect. Mr. Eldon presenting some of the best-known tricks and illusions of his famous prototypes, in masterly fashion.

The act climaxes in the great Kallor illusion, in which a girl is raised from a couch in some mystifying manner and left floating in air. One suspects invisible wires and all sorts of things until a hoop is passed around the girl, and leaves one completely at a loss for a solution to the almost unanny feat.

Then there is the Moratt Opera Troupe, offering four splendid singers who present some operatic gems and high-grade popular songs in a beautifully set scene representing a bit of a Parisian boulevard. The stage picture alone wins the singers a splendid hand, but this greeting is dimmed by the bedlam of applause which follow "My Hero," "Love Tales of Hoffman," and other gems, all rendered in an exquisite manner.

Surely here are enough headliners, but no! Still another, and it is a cro-

# What Food shall I give Baby?

Every mother must sooner or later ask herself this question, and it is one which must involve a good deal of anxious consideration. It may be that on the advice of friends various foods are tried to see if baby takes kindly to them.

Now, is it not reasonable to assume that an infant's food that has been in general use for upwards of fifty years, and that has been used in preference to others, in most of the Royal Nurseries of Europe, is likely to prove a suitable diet for the average infant? Such a food is Savory & Moore's, and all mothers who decide in its favour may be congratulated on the wisdom of their choice.

Infants reared on Savory & Moore's Food are characterized by strong, sturdy limbs, firm flesh, plenty of bone and muscle, easy teething, freedom from infant ailments, and that happy disposition which is the surest sign of perfect health. Ask your Druggist to get you a tin.

# Piles, Fistula, Fissures and Hernia

Most Safe, Most Natural, Most Satisfying, Family or Home. A Radical and Permanent Cure.

I invite you to come to my office. I will explain my treatment for Hemorrhoids, Piles, Fistula, Varicose Veins, Pelvic Nervous, Blood, Kidney, Bladder and Rectal Diseases.

Piles, Fistula, Rectal Diseases. These diseases are very common; most frequently found in persons of middle or advanced age; are exceedingly annoying, often very painful, and sometimes very dangerous. My treatment and success are the result of years of experience. My treatment is simple, and I cure Piles without cutting. If I do not cure your Piles, Fistula and other Rectal Diseases, my treatment does not cost you anything. Gentleness in treatment comes from treating many cases. I guarantee a cure of Piles, Fistula, Hemorrhoids and all curable Rectal Diseases.

Trusses Seldom Cure Rupture. Disregard for existing Hernias has cost many lives. The smallest hernias are the most dangerous, because of the increased liability to strangulation. I am aware that a great deal of fraud has been practiced in connection with the alleged cure of rupture. I say positively that I cure rupture, to stay cured. I cure with perfect safety, and entail no suffering, and do not detain you from occupation.

# WRITTEN GUARANTEE.

Dr. Tillotson's written guarantee means a cure or no pay for services. I guarantee to cure curable diseases or refund every dollar you have paid me. My services cost you nothing unless I cure your Varicose Veins, Hernia, Piles, Fissures, Fistula or any disease I guarantee to cure. My terms are reasonable and no more than you are willing and able to pay.

# SOCIETY

**Society Bride and Her Attendants.**  
Miss Ada Seely, and some of the young women who assisted at her wedding in Christ's Church last night.

**SCORES** of handsome gowns were worn last evening at the fashionable wedding of Miss Ada Seely, daughter of Mrs. Leah Seely, No. 1815 South Figueroa street, to Roy Bayly, son of Mr. and Mrs. George Warner Bayly, No. 488 West Twenty-eighth street, which was conducted at Christ's Episcopal Church, Rev. Baker P. Lee officiating.

The bride was robed in an exquisite white satin chateau gown with panels of ruffled lace and a bodice of real lace, with a court train from the shoulders, draped with orange blossoms. A duchesse lace veil, designed by the bride and made in Brussels, and a sheaf of lilies of the valley, completed the becoming attire. For her wedding journey she chose a jaunty blue tailor-made gown with crystal buttons and a black picture hat trimmed with an albatross.

Miss Mabel Seely, the bride's sister, and Miss Helen Brant, as maids of honor, wore green crepe gowns with court trains and carried shower bouquets of maidenhair fern. Miss May Rhodes, Miss Eva Bayly, Miss Ruth Larned and Miss Florence Wachter, assisted as bridesmaids and were robed in green chiffon over white satin, trimmed in Chantilly lace and garlands of pink roses and carried bouquets of Cecile Brunner roses. All wore large green picture hats and white enamel Tosa sticks with gold mountings, on which their names were engraved. These later are to be used as the handles of parasols, the gifts of the bride, and the groom presented the men of the party with ebony sticks, which also have gold mountings.

Harold Bayly and Roland Seely were the groomsmen, and these chosen as ushers were Robert Peyton, David Brant, Lee Smith and Lucian Cooke of Virginia.

A special musical programme was presented by Miss Minnie Hanco, pianist, and Mr. Strowbridge, organist of the church, who also played the wedding march.

The decorations, in charge of Freeman Lewis, formed a setting which completed the beautiful scene. The altar and chancel rail were banked with Augusta gladiolas and Rubrum lilies, while rose trees made of Augusta gladiolas formed an aisle for the bride party.

Following the ceremony a reception was held at the Elbel Clubhouse. Here the same color scheme of pink, green and white was carried out in the decorations.

The bridal table, which was set in the court for the bride party, was of mahogany, in the center of which was a sunken garden, a fountain playing, surrounded by lilies of the valley and ferns. Suspended over the table was a bell of white Killarney roses, from which were dangled long and low bows of green tulle, tied to each chain, the doves holding an envelope with the names and a message, enclosed to each one from the bride. As favors were green Dresden figures for the girls, and white satin bells with colonial figures for the men, with pieces of the groom's cake enclosed. There were also miniature wedding cakes, on which were a place card and green, and which were placed in the white satin slippers filled with nuts and white satin horns filled with rice.

Tables for the guests were placed in the tea-rooms and were ornamented with a gold basket filled with white Killarney roses. tions of a non-commissioned officer, placed in authority in time of need, should have been such as to bring reproach upon the National Guard of California and brand the members of the various companies of said organization in the eyes of the citizens of the State of California as unfit for the service to which they devote their time for the love of the service; and as the officers of the above mentioned company showed themselves incompetent during the recent maneuvers and the service at Ocean Park, it is the belief of the undersigned enlisted men that the muster-out of the above mentioned company of infantry will be for the good of the State service.

## SPECIFIC CHARGES.

Last Tuesday night, when the local guardsmen were called to the scene of the fire, it is asserted that some of them were carrying blank ammunition, and the officers were censured for allowing the men to have it in their possession at that time.

Before the Los Angeles militiamen left the armory they were inspected and were allowed to carry no cartridges of any kind, as it was claimed by the officer in command that there was no need for it.

When the news that Quartermaster Sergeant Westcott had been arrested for alleged looting reached the local armory the men had volunteered their services were indignant and the petition to the Adjutant-General was drawn up by the enlisted men themselves.

Officers who know of the petition have nothing to say on the subject, further than that some claim that the Adjutant-General will pay no attention to it. Others say it will only mean that those whose signatures appear on the petition will be reprimanded for undertaking to do what should fall to the colonel of the regiment to suggest.

The fact that the request to the Adjutant-General to order direct to Sacramento, and the proper military channels overlooked, has caused a sensation, as many of the signatures are those of non-commissioned officers old in the service.

### LOCAL PRODUCE MARKET

Business was livelier on the local market yesterday than had been for several weeks. Mr. Wad Was Getting Away With It Too—Until Comrade Spriggins Happened Upon the Scene!

FRANKIE BURNS HANGS K.O. SIGN ON HOGAN.

Frankie Burns showed more gameness than anybody he had, but Burns was easily his in the first bell to the last—Hogan cried he lost fight.

Referee Griggin had to pry them from a clinch. Then they milled at close range, Burns shooting blow after blow to the jaw, meanwhile receiving a punch that all but closed his left eye. Hogan pegged at the body, but Burns straightened him with a straight left and the round closed.

Round 8.—They fought viciously at close range, Burns landing on the body and Burns on the face. Hogan was warned against holding in the clinches. When finally separated Burns rocked his man's head with a trio of rights. Hogan fought back and in a fierce mid-ring rally both men bled profusely from the nose and mouth. Fighting shoulder to shoulder Burns shoved blow after blow into the stomach and as they separated Hogan nearly dropped the Oaklander with a right smash to the face.

Round 9.—Burns landed two rights to the body and forced his man to the ropes, with the latter clinching. Burns sent in three lefts to the face and then crossed with three wicked rights to the jaw and again Hogan appeared to be in distress. Hogan tottered about the ring, with Burns landing almost at will on the face and body, but unable to land a final punch Burns ended the round. Hogan appeared very weak as he sat down.

Round 10.—Burns met Hogan as he rushed to a clinch, sending several smart left raps to the nose. Hogan then rushed into a left uppercut and Burns followed it with a series of rights to the jaw. Suddenly Burns sent his right twice to the jaw with terrific force and Hogan went to the floor with a thud. He remained recumbent for the count, but gamely struggled to his feet, only to be met by a similar duo of punches that sent him down and out. He lay prone with blood streaming from his face, but attempted to resume fighting. His legs failed him, however, and the fight closed with Burns the winner.

HOGAN ALMOST IN. Round 4.—Burns tried desperately to clinch, but Hogan landed away with both hands to the face and jaw and Hogan again appeared groggy. He fought back gamely, landing several rights to the body and forcing Burns to retreat. Burns landed a right to the jaw and Hogan went to the floor with a thud. JIM FLYNN TURNS A LEAF AND SAVES NEW FORTUNE.

"ME BE a fool again about blowin' my money in? Not me." This is the latter-day philosophy of Jim Flynn, monstrosus good-looking, classy white hope who has been in Los Angeles several days and is scheduled to start for the East today after more money in the shape of fights with any of the white hopes.

"Why, I've got \$25,000 in a bank here and some property in Denver and the East. My, what a lot of money I blew when I was here before. McCarey said he paid me \$26,000 in about four years and when I went back East a year or so ago, I had to borrow \$500 to go on.

"And I've made all I have now in a year and a half. Going back East to sell out my property and come back here and live.

"You see I get the money now fightin', for I know how to avoid a lot of blows I used to take. I've learned a lot and saved my money lately and I don't suppose I'll be fightin' much longer."

Which makes one think that prize-fighting, as exemplified by Jim Flynn's bank roll is not such a hard business after all, even if you are not a champion.

## ANNIVERSARY OF GRAND OLD MAN OF LOCAL STAGE.

THE big testimonial performance in honor of the fiftieth anniversary on the American stage of Harry S. Duffield will take place at the Burbank Theater this afternoon.

When the curtain rises promptly at 2 o'clock it is quite certain that every seat in the Burbank will be occupied by Mr. Duffield's friends and admirers who have witnessed his work on the Burbank stage for several years.

The programme, a splendid one of unusual length, will be opened by an address by the Rev. Baker P. Lee, after which Mr. and Mrs. Richard Bennett will be seen in the new one-act play of the Mexican revolution, "The Hornet."

Following will be seen Walter J. Goldsmith, formerly of Gilbert and Sullivan, in his famous monologue; the Belasco company in the first act of "Just Out of College;" Bessie Tannehill; Harry S. Duffield in the fourth act of "Enoch Arden;" The Rathskeller Four; the Eight Spanish Dancers with Prof. Rody's Spanish orchestra; James Madison Morton's sketch, "Grimshaw, Bagshaw and Bradshaw," in which Dr. R. H. Homans will make his first appearance on any stage and a number of other numbers in which practically every local stage favorite will participate.

The Duffield testimonial is the most interesting event of the current theatrical week, and that a keen interest is being shown in the affair is evidenced by the brisk demand for seats.

The stage will be under the direction of David M. Hartford, which is assurance of a smooth running performance, with no long stage waits which sometimes mar a performance of this character.

### OUTING NOTES.

Guy Pierce landed a ten-pound tuna at Catalina yesterday. When told that he had a real tuna, although a miniature affair, Pierce said he would not want to try his luck at landing a man-size fish.

Stanley Smith spent Saturday, Sunday and Monday at Del Mar, but did not do any fishing. This is the only time in five years that Smith has been within three miles of the water and kept from indulging in a quiet fish. Next Saturday and Sunday he is to go to Catalina, where he says he always has a great time and comes home with plenty of fish.

J. H. Douglas and Ford Pryor went dove hunting in the orange groves of Sunny Slope yesterday. They came in with a dozen birds and one rabbit. They say that the birds are not as plentiful as they were a week ago. "Bud" Rose, G. Sheldon, M. H. Phillips and Joe Waddell spent Sunday and Monday at San Onofre, returning at a late hour last night with a choice lot of surf fish. All members of the quartette had good luck and brought the fish to prove it.

## BIG MONEY IN SIGHT FOR FRED KELLY TROPHY.

THE Fred Kelly Olympic Scholarship fund is fast reaching the high-water mark and when the books closed last night the total was \$728. Now that the fund is well under way the friends of the Olympic hero feel sure that the needed \$1000 will be realized before October 1, at which time Kelly is due to arrive from the East.

Dr. David W. Edwards, president of the Bimetal Water Company and trustee of the University of Southern California, said yesterday that he was only too glad to help in a worthy cause like this. "It is a great thing," he declared, "to have Southern California represented by men of the stalwart type of Fred Kelly. He won with the Southern California and for this reason I think he gave evidence of a spirit which should be fostered by all the thinking business men of the South."

The representative business men of Los Angeles are taking a great interest in the Kelly Olympic Scholarship and all have expressed themselves in strong terms regarding the matter. Percy H. Clark, first vice-president of the Los Angeles Chamber of Commerce, and chairman of the Committee on Educational Advancement, said yesterday that he was only too glad to help in a worthy cause like this. "It is a great thing," he declared, "to have Southern California represented by men of the stalwart type of Fred Kelly.
